

SELF-DRIVE MOBILITY

TERMS & CONDITIONS

Self-Drive Vehicle Rental & Booking Framework

Effective Date: 9 August 2026

Version: 1.0

These Terms & Conditions govern the use of ZibaGo's booking platform and self-drive vehicle rental services. They are designed to establish clear responsibilities for customers, vehicle partners and ZibaGo throughout the rental lifecycle.

Important: This is a detailed business-ready draft. Commercial amounts, legal-entity information and certain operational rules must be replaced with ZibaGo's actual policies before publication and should be reviewed by an India-qualified lawyer.

1. Acceptance of These Terms

These Terms & Conditions ("Terms") govern access to and use of ZibaGo's website, application, booking platform, customer-support channels and self-drive vehicle rental services ("Services"). By creating an account, submitting a booking, making a payment, collecting or using a vehicle, or otherwise using the Services, the customer ("Customer", "Renter" or "you") agrees to these Terms.

If a person does not agree to these Terms, that person must not create a booking, take possession of a vehicle or use the Services. Additional booking-specific terms, rental agreements, pricing notices, vehicle-specific conditions and policies may apply and form part of the applicable rental arrangement.

2. Definitions

"ZibaGo" means ZibaGo / ZibaGo SelfDrive and the legal entity operating the relevant Service, as identified in the applicable booking or legal notice. "Vehicle" means the car or other vehicle made available for self-drive rental. "Rental Period" means the period beginning at the agreed pickup time and ending when the vehicle is returned and accepted by ZibaGo or its authorized representative. "Booking" means a reservation request accepted by ZibaGo. "Security Deposit" means any refundable or conditionally refundable amount collected to secure the Customer's obligations. "Authorized Driver" means a person expressly approved by ZibaGo to drive the Vehicle.

3. Eligibility

The Customer must satisfy ZibaGo's eligibility requirements and all applicable legal requirements for renting and driving the selected Vehicle. ZibaGo may impose different requirements based on vehicle category, age, licence category, insurance conditions, risk controls or applicable law.

3.1 Required Documents

The Customer may be required to provide a valid driving licence, government-issued identity document, photograph/selfie, address information, payment details and other documents reasonably required for verification. Documents must be genuine, valid, legible and belong to the Customer unless ZibaGo expressly permits otherwise.

3.2 Verification

ZibaGo may conduct identity, driving-licence, KYC, fraud-prevention and eligibility checks before confirming or releasing a vehicle. ZibaGo may request additional information if submitted information is incomplete, inconsistent, expired or reasonably requires further verification.

4. Account Registration and Security

Customers must provide accurate information and keep account credentials confidential. A Customer must not create an account using another person's identity, documents, payment method or contact information without authorization.

The Customer must promptly notify ZibaGo of suspected unauthorized account access, fraudulent activity or loss of control of an account. ZibaGo may suspend access where necessary to protect the account, Vehicle, Customer or platform.

5. Booking Process

A booking request is not necessarily a confirmed rental until ZibaGo confirms it through its designated booking channel and any required payment or verification is completed.

Vehicle availability may change because of prior bookings, maintenance, accidents, operational issues, owner decisions, regulatory requirements or circumstances outside ZibaGo's reasonable control. Where the booked Vehicle cannot be supplied, ZibaGo may, where reasonably possible, offer a comparable alternative, reschedule the booking or provide an applicable refund.

6. Pricing, Taxes and Charges

The price displayed or communicated for a booking may include the rental fee and may separately identify taxes, deposits, convenience/service fees, kilometre charges, late fees, fuel charges, delivery/collection charges, penalties or other applicable amounts.

The Customer is responsible for charges properly arising from the rental and disclosed in the applicable booking, rental agreement or policy. ZibaGo will not intentionally conceal material mandatory charges.

7. Payment

Payment may be processed through ZibaGo or an authorized third-party payment provider. Customers must use a valid payment method and must not use unauthorized cards, accounts or payment credentials.

If a payment is reversed, disputed, dishonoured or otherwise fails after a Vehicle has been released, ZibaGo may take reasonable steps to recover the amount due and may suspend further bookings, subject to applicable law.

8. Security Deposit

Where a Security Deposit applies, the amount and collection method will be communicated before or at booking. The deposit may be used, to the extent permitted by the applicable agreement and law, toward legitimate amounts due from the Customer, including certain damage, missing items, excess usage, unpaid charges, fines, recovery costs or other Customer obligations.

The remaining balance of the Security Deposit will be returned through the applicable payment method or process after the rental is reconciled. Refund timing may depend on inspection, pending tolls/challans, payment settlement, damage assessment, insurance procedures or other outstanding matters.

9. Pickup and Vehicle Handover

The Customer must arrive at the agreed pickup location within the applicable time window and present required documents. ZibaGo may refuse handover where eligibility or verification requirements are not satisfied.

Before accepting the Vehicle, the Customer should inspect its exterior, interior, tyres, lights, controls, fuel level, odometer and visible condition. Existing damage should be reported through the designated ZibaGo process before departure.

10. Vehicle Inspection and Evidence

ZibaGo and/or the Customer may create photographs, videos, inspection reports, odometer records and fuel-level records at pickup and return. These records may be used to compare vehicle condition and resolve disputes.

Customers should not rely on verbal statements alone when reporting visible damage. Material damage or defects should be reported through ZibaGo's official communication channel as soon as reasonably possible.

11. Customer's Duty of Care

The Customer must use the Vehicle responsibly, safely and in accordance with applicable traffic laws, the manufacturer's operating requirements, the booking conditions, insurance conditions and these Terms.

The Customer must take reasonable care of the Vehicle, keys, documents, accessories, equipment and any security or tracking devices provided with it.

12. Authorized Drivers

Only the Customer and other persons expressly approved by ZibaGo as Authorized Drivers may operate the Vehicle. The Customer remains responsible for ensuring that every Authorized Driver satisfies applicable licence and eligibility requirements.

Allowing an unauthorized person to drive may constitute a serious contractual violation and may affect insurance coverage, security-deposit treatment and the Customer's responsibility for resulting losses, subject to applicable law.

13. Prohibited Use

The Vehicle must not be used for racing, speed testing, drifting, stunt driving, off-road use where prohibited, unlawful activity, unauthorized commercial transportation, sub-rental, towing beyond manufacturer limits, overloading, or any activity prohibited by the Vehicle's insurance or applicable law.

The Vehicle must not be driven while the driver is under the influence of alcohol, narcotics, intoxicating substances or medication that makes driving unsafe or unlawful.

Customers must not tamper with, disable, remove or interfere with GPS/telematics, odometers, immobilizers, security equipment or other Vehicle systems.

14. Traffic Laws, Tolls, Parking and Challans

The Customer is responsible for lawful driving during the Rental Period and for charges arising from the Customer's use of the Vehicle, including applicable tolls, parking charges, traffic fines, e-challans, penalties and enforcement costs.

Where a fine or notice is issued to the Vehicle or registered owner because of the Customer's conduct during the Rental Period, ZibaGo may provide relevant booking/customer information to the competent authority where legally required or permitted and may recover applicable amounts from the Customer subject to law.

15. Mileage and Odometer

If a booking includes a kilometre allowance, the allowance and excess-kilometre rate will be specified in the applicable booking. The Vehicle's odometer or approved telematics data may be used to calculate usage.

Tampering with, disconnecting or attempting to manipulate the odometer or mileage records is prohibited and may result in additional charges, booking termination and other lawful action.

16. Fuel Policy

The Vehicle should ordinarily be returned with the fuel level specified by the booking or handover record. If the Customer returns the Vehicle with a lower required fuel level, ZibaGo may apply the disclosed refuelling charge or actual reasonable cost, subject to the applicable policy.

Customers should use the correct fuel type and must not knowingly use an incompatible fuel. Damage caused by incorrect fuelling may be the Customer's responsibility, subject to the rental agreement and applicable law.

17. Rental Period and Late Return

The Customer must return the Vehicle at the agreed date, time and location. A grace period, if any, will be stated in the booking or applicable policy.

A late return may result in additional rental charges, late fees, operational recovery costs or other disclosed charges. If a Customer needs an extension, the Customer must request and receive ZibaGo's approval before the original Rental Period expires.

Continuing to possess or use the Vehicle after the Rental Period without authorization may be treated as unauthorized use and may lead to escalation or recovery action where appropriate and lawful.

18. Extension of Rental

Extensions are subject to Vehicle availability, payment, Customer eligibility and ZibaGo approval. An extension is not effective merely because the Customer continues using the Vehicle or sends an informal request without confirmation.

19. Accidents and Collisions

In the event of an accident or collision, the Customer must prioritize safety, comply with legal reporting obligations, contact emergency services where necessary, and notify ZibaGo as soon as reasonably possible through its official emergency/support channel.

The Customer must provide accurate information, cooperate with insurance and investigation procedures, preserve relevant evidence where safe to do so, and must not make false statements or attempt to conceal the incident.

The Customer should not admit liability on behalf of ZibaGo or enter into a private settlement concerning ZibaGo's Vehicle without authorization, except where immediate safety or legal requirements make such action unavoidable.

20. Damage, Loss and Recovery

The Customer may be responsible, to the extent provided by the applicable rental agreement, insurance arrangements and law, for loss or damage caused by misuse, negligence, prohibited use, unauthorized driving, intentional conduct, failure to report an incident, theft resulting from Customer conduct, or other breach of these Terms.

Potential charge categories may include repair costs, reasonable assessment costs, towing/recovery, missing keys, missing accessories, interior damage, tyre damage, glass damage, cleaning required because of abnormal misuse, or other directly attributable costs, subject to applicable law and the agreed rental terms.

ZibaGo will seek to base damage recovery on reasonable evidence such as inspection records, photographs, service estimates, invoices, reports or other relevant documentation.

21. Insurance

Where a Vehicle is covered by motor insurance, the Customer's use remains subject to the terms, exclusions, conditions and deductibles of the relevant insurance policy. Insurance does not automatically eliminate the Customer's contractual responsibility.

Insurance coverage may be affected by prohibited use, unauthorized driving, intoxication, false information, failure to report an accident, use outside permitted conditions, or other exclusions in the applicable policy. Customers should review any insurance/damage-waiver information supplied with their booking.

22. Breakdown and Mechanical Failure

If the Vehicle develops a mechanical or technical problem not caused by the Customer, the Customer should stop using the Vehicle where continued driving could be unsafe and contact ZibaGo or its designated roadside-assistance provider.

Customers should not authorize major repairs at their own expense without ZibaGo's approval unless immediate action is reasonably necessary for safety or to prevent substantial additional damage. Where an approved expense is reimbursable, appropriate receipts and evidence may be required.

23. Theft, Loss of Keys and Security Incidents

If the Vehicle or its keys are stolen, lost or compromised, the Customer must notify ZibaGo immediately and cooperate with police, insurance and recovery procedures.

The Customer must not duplicate, transfer or modify Vehicle keys or security devices without authorization. Responsibility for losses will be determined according to the circumstances, applicable rental agreement, insurance terms and law.

24. GPS, Telematics and Vehicle Monitoring

ZibaGo or its vehicle partners may use GPS, telematics or connected-vehicle technology for safety, fleet management, theft prevention, recovery, mileage verification, incident investigation and operational purposes.

Customers must not disable, obstruct or interfere with such systems. Information generated by these systems is handled in accordance with ZibaGo's Privacy Policy and applicable law.

25. Cancellation by Customer

Customer cancellation rights, fees and refunds will be determined by the cancellation policy applicable to the booking. The policy may vary based on notice period, booking type, promotional pricing, vehicle category and whether the rental has commenced.

Where a booking is non-refundable or partially refundable, that condition should be displayed or communicated before the Customer confirms the booking, subject to applicable consumer law.

26. Cancellation or Suspension by ZibaGo

ZibaGo may cancel, suspend or decline a booking where required for safety, fraud prevention, document/eligibility failure, payment failure, Vehicle unavailability, legal or regulatory reasons, serious breach of these Terms, or circumstances outside ZibaGo's reasonable control.

Where ZibaGo cancels a confirmed booking for reasons attributable to ZibaGo and a refund is applicable, ZibaGo will follow the applicable refund process. Where cancellation results from Customer misconduct or failure to satisfy requirements, the applicable cancellation and charge provisions may apply.

27. No-Show

If the Customer does not appear for pickup within the applicable period and does not contact ZibaGo, the booking may be treated as a no-show and charged according to the applicable cancellation/no-show policy.

28. Vehicle Substitution

Where operationally necessary, ZibaGo may provide a comparable Vehicle instead of the exact Vehicle booked, subject to availability. If the substitute materially differs and the applicable policy provides a price adjustment or refund, ZibaGo will apply that mechanism.

29. Customer Property

Customers are responsible for personal belongings left in or around a Vehicle. ZibaGo will take reasonable steps where lost property is reported but does not guarantee recovery of personal belongings. Items may be handled according to applicable lost-and-found procedures.

30. Cleanliness, Smoking and Abnormal Use

Customers must return the Vehicle in a reasonably acceptable condition. Additional cleaning or restoration charges may apply where the Vehicle requires cleaning beyond ordinary rental use, subject to the disclosed policy.

Smoking, vaping or carrying substances/materials prohibited by the Vehicle's rules may be restricted. Any disclosed cleaning, odor-removal or restoration charges will apply where permitted.

31. Illegal Activity and Fraud

The Vehicle and ZibaGo platform must not be used for illegal activity, fraud, identity theft, document forgery, scams, unauthorized commercial activity, transport of prohibited goods, or any conduct that creates a material safety, legal or reputational risk.

Where ZibaGo reasonably suspects serious fraud, identity misuse, vehicle theft or unlawful activity, it may preserve records, suspend services and cooperate with competent authorities as permitted or required by law.

32. Privacy and Personal Data

ZibaGo processes personal data in accordance with its Privacy Policy. The Customer acknowledges that identity, driving-licence, booking, transaction, vehicle and related information may be processed for service delivery, verification, safety, fraud prevention, legal compliance and other purposes described in that Policy.

The Privacy Policy forms part of the overall ZibaGo customer documentation but does not replace these Terms.

33. Customer Complaints and Disputes

Customers should first contact ZibaGo through its official support or grievance channel with the booking ID, relevant dates, documents and a clear description of the issue. ZibaGo will seek to review legitimate complaints fairly and within applicable legal or operational timeframes.

34. Limitation of Liability

To the maximum extent permitted by applicable law, ZibaGo will not be responsible for indirect or consequential loss arising from circumstances outside its reasonable control, loss of personal belongings, third-party acts, traffic delays, temporary service interruption or Vehicle unavailability caused by events beyond reasonable control.

Nothing in these Terms is intended to exclude or limit liability that cannot legally be excluded or limited under applicable law, including rights and remedies available to consumers under mandatory law.

35. Force Majeure

ZibaGo will not be treated as in breach to the extent performance is prevented or materially affected by circumstances beyond reasonable control, including natural disasters, floods, severe weather, government restrictions, civil unrest, strikes, major infrastructure failures, widespread technology outages, epidemics or other extraordinary events.

36. Indemnity

To the extent permitted by law, a Customer may be required to reimburse or indemnify ZibaGo for reasonable losses, claims, penalties, costs or expenses directly arising from the Customer's fraud, intentional misconduct, unauthorized use, material breach of these Terms or unlawful conduct. Any indemnity will remain subject to applicable law and the specific rental agreement.

37. Account Suspension and Termination

ZibaGo may suspend or terminate access to its Services where a Customer materially breaches these Terms, provides false documents, fails required verification, misuses a Vehicle, engages in fraud, fails to pay legitimate amounts, threatens staff or partners, or creates a material safety or legal risk.

Termination does not automatically extinguish obligations that accrued before termination, including lawful payment, damage, fine, dispute or recovery obligations.

38. Vehicle Owner / Partner Arrangements

Where a Vehicle is supplied by an independent vehicle owner or partner, ZibaGo may act as a platform, rental operator, fleet manager or other business role depending on the applicable arrangement. The Customer remains responsible for complying with the booking and rental terms presented by ZibaGo.

Partner-specific obligations may be governed by separate agreements between ZibaGo and the vehicle owner. Such agreements do not reduce the Customer's obligations under the Customer-facing rental terms.

39. Intellectual Property and Brand Use

ZibaGo's name, logos, trademarks, website content, software, design, graphics and other proprietary materials may not be copied, modified, impersonated, redistributed or used commercially without authorization.

Customers and third parties must not use the ZibaGo brand to create false associations, fraudulent rental offers or unauthorized services.

40. Communications and Notices

ZibaGo may communicate with Customers by phone, SMS, email, WhatsApp, in-platform notifications or other contact details supplied during booking. Customers should ensure that their contact information

remains current.

Transactional and safety communications may continue even when a Customer has opted out of promotional marketing.

41. Changes to These Terms

ZibaGo may update these Terms to reflect changes in law, technology, pricing structures, Vehicle operations or business practices. The latest version will be published through the applicable ZibaGo platform and will state its effective date.

A booking already confirmed may continue to be governed by the version applicable at the time of confirmation unless a later change is required by law or expressly agreed with the Customer.

42. Governing Law and Jurisdiction

These Terms are intended to be governed by the laws of India. The appropriate courts, authorities or dispute-resolution mechanism applicable to ZibaGo's legal entity and place of operation should be specified in the final version after legal review.

Proposed jurisdiction placeholder: [Insert exact city/state jurisdiction after legal review].

43. Severability

If any provision of these Terms is found to be invalid, unlawful or unenforceable, that provision will be modified or disregarded only to the extent necessary, and the remaining provisions will continue to operate to the extent permitted by law.

44. Entire Agreement

These Terms, the applicable booking confirmation, rental agreement, Privacy Policy, cancellation/refund policy, damage/accident policy and other expressly incorporated documents constitute the applicable ZibaGo customer framework for the relevant rental, subject to mandatory legal rights.

45. Customer Acknowledgement

By confirming a booking and/or taking possession of a Vehicle, the Customer confirms that they have had reasonable access to these Terms, understand the principal obligations applicable to the rental, have provided accurate information and agree to comply with the applicable booking conditions.

Where ZibaGo requires an electronic acceptance checkbox, OTP confirmation, signature or other acceptance mechanism, completion of that mechanism may be treated as the Customer's electronic acceptance, subject to applicable law.

46. ZibaGo Contact Details

ZibaGo / ZibaGo SelfDrive

Legal Entity: [Insert exact legal entity name]

Business / Registered Address: [Insert exact address]

Website: [Insert official ZibaGo website]

Customer Support: [Insert official support number]

Email: [Insert official support email]

Emergency / Roadside Assistance: [Insert applicable number]

47. Commercial Policy Schedule — To Be Finalized

The following items should be completed before these Terms are published:

- Minimum customer age and any age-related vehicle restrictions.
- Required driving-licence category and minimum licence-holding period, if applicable.
- Security deposit amount(s) and exact refund timeline.
- Cancellation, refund and no-show schedule.
- Grace period and late-return rates.
- Included kilometres and excess-kilometre rates.
- Fuel/refuelling policy and charges.
- Cleaning, smoking and abnormal-use charges, if any.
- Damage assessment and customer-liability process.
- Insurance/deductible or damage-waiver arrangements.
- Traffic challan, toll and parking recovery process.
- GPS/telematics disclosure and operational process.
- Roadside assistance and accident reporting contacts.
- Final legal entity, address, support and grievance details.
- Final governing-law/jurisdiction clause after professional legal review.

LEGAL REVIEW NOTICE

This document is a detailed operational draft for ZibaGo and is not a substitute for legal advice. Before public release or reliance in a dispute, ZibaGo should have the final version reviewed by an India-qualified lawyer familiar with motor-vehicle rental, consumer protection, contracts, insurance, taxation and applicable digital/data regulations.

Version 1.0 • Effective date: 9 August 2026
